Dear All,

Thank you everyone for taking the time to meet today to firm up the virtual JIC and long term

transition plan. I believe that the conversation that was had at the 3 PM meeting and the outcomes from the meeting follow closely in line with the direction from Unified Command.

I have attached a transition document that outlines how key items will be handled going forward. Please review this document to ensure that everyone is on the same page. Michael Davis will take my place tomorrow and can be contacted if any corrections need to be made.

Please forward this to others who may need to be included on this transition plan but please do not share this document widely beyond those who need to know as it does contain usernames and passwords to multiple accounts.

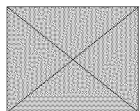

For my part - as I depart as soon as I send this email - I simply want to say thank you for all the hard work taken to get to this point. I believe we have put together a good plan for moving forward.

Thank you,

Nathan Hunerwadel

Lead PIO, Gold King Mine Release Joint Information Center.

I've just connected with Liane and she can join us for the meeting at 3 p.m. today. She will try to reach out to Pat to see if he can join us by phone. The purpose of the meeting will be to discuss the JIC transition and related issues. Thanks to everyone for participating.

Mike, sorry that you won't be able to join us. Safe travels home. Sincere thanks for all of your efforts.
